EXPERIENCE

BTV Marketing Group

Front End Web Developer

Las Vegas, NV

Feb 2023 - Present

- Developed responsive and visually appealing websites using React, Sass, and WordPress, meeting clients' specific design and functional requirements.
- Collaborated closely with designers to translate mockups and wireframes into pixel-perfect, cross-browser compatible HTML/CSS templates.
- Integrated content management systems (CMS) into WordPress websites, enabling clients to manage and update their content effortlessly.
- Stayed updated with new front-end technologies and industry best practices, exploring new tools and frameworks to continually enhance development processes and deliver innovative solutions such as TypeScript.
- Performed thorough quality assurance (QA) testing. Diligently identified and resolved any issues, ensuring optimal functionality and a seamless user experience.
